A statement showing the details of classwar strength and average attendance for a period of three months from June to August 1953 in all the schools mentioned above together with the approximate strength expected in June 1954 in all the classes of all the four schools with the details of total staff sanctioned for each school is appended to the annexure enclosed. From a perusal of the statement it will be seen that the staff referred to above is quite essential to manage the school for the following reasons:

Kanhangad Higher Elementary School: This is a permanent Higher Elementary School with 10 teachers and 9 classes. The 10th teacher is working as a Prevocational instructor. Class I is having a strength of 53 pupils with no divisions. Though the strength in each of the 3 Higher Elementary standards viz. VI, VII and VIII are less than 30, they require

each a teacher, since they being Higher Elementary classes, they cannot be combined and put in charge of a single teacher.

Polippu Higher Elementary School: This also is a Higher Elementary School with 13 teachers and 11 sections in 8 classes. Eleven teachers are in charge of each of the 11 sections, one working as a Prevocational Instructor and the remaining one is employed to relieve the Headmaster from his class work and for attending to official and supervision work. As the strength of Standards I and IV is in excess for a single teacher each, proposals for sanctioning their bifurcation and employment of additional teachers have already been submitted to Government in this office letter No.20024-C.3/53 dated 1.9.1953 and it is under the consideration of Government. The appointment of a Higher Elecmentary Grade teacher as a Prevocational Instructor in Higher Elementary Schools and an additional secondary grade teacher to relieve the Headmaster from class work in Elementary Schools where there are 10 or more sections are in accordance with the rules.

Kizhur Higher Elementary School: This is a permanent school raised into a Higher Elementary one from August 1953. There are 7 classes with 8 teachers, Seven teachers are in charge of 7 classes and the 8th is working as a Prevocational Instructor.

Hejmadikodi Higher Elementary School: This is one of the Higher Elementary Schools having a good strength of 400 pupils pupiis in 13 sections with 8 standards and 15 teachers. Thirteen teachers are in charge of 13 sections. One is working as a Prevocational Instructor and the other is relieving the Headmaster from class work for attending to official and supervision work.

I therefore request that Government may be pleased to sanction the continuance of one Secondary and three Higher Elementary grade teachers mentioned in para.1.supra for a further period up to 31.3.1954. In anticipation of Government sanction, I am instructing the Assistant Director to continue the staff.

Director of Industries and Commerce.
